

A-BLH01100 Revolution 90 FP RTF with SAFE

The Blade Revolution 90 FP (Fixed Pitch) is perfect for first-time - and even experienced - pilots looking for an ultra-micro helicopter they can fly indoors to hone their skills. It arrives 100% factory-assembled and includes everything needed to fly in the box. Exclusive SAFE Technology, along with the fixed-pitch flybarless design, offers unmatched simplicity, durability, and stability. It also features an optional-use Altitude Hold mode that helps to automatically maintain altitude so pilots can focus on learning the cyclic and tail rotor controls to make it even easier to fly. The composite airframe is lightweight yet very durable, and the low part count means repairs are quick and simple should you ever need to make them. Bring RC heli fun indoors and learn to fly stress-free with the easy to fly Revolution 90 FP!
