

EXTREME MINI DESERT TRUCK BASHING

**50+
MPH**

MOJAVE GROM BLX

C-ARA2304T1 1/18 MOJAVE GROM 223S BLX 4X4 DT (no Batt/Charg) Black

Start bashing with a vehicle you'll never stop driving! Already 2S and 3S capable, the small-scale ARRMA MOJAVE GROM 223S BLX offers Baja realism, desert truck toughness, and 50+ mph top speed potential - all in one low-priced, ready-to-run package.

Using a 2S LiPo battery, the MOJAVE GROM 223S BLX offers comfortable, beginner-friendly 35+ mph top speeds that match or beat other manufacturers' 2S bashers. Later, when you've gained some experience, drop in a 3S battery. Now your MOJAVE GROM 223S BLX can unleash thrilling speeds that reach 50 mph or more!

Another aid for drivers on the grow is the throttle limiting feature of the included Spektrum SLT2 2-channel transmitter. It can help you learn control skills safely by limiting the desert truck's maximum available speed to 50% or 75% until you're ready for it all. Throttle limiting, DSC, and your choice of 2S or 3S battery all work together so you'll never worry about moving faster than you can manage.

FEATURES
