

**C-ARA4303V4T1/T2/T3 1/10 SENTON 223S BLX 4X4 SCT with DSC Yellow/Red/Blue**

ARRMA developed the 223S series especially for brushless bashing newcomers who want to grow from 2S to 3S capabilities without adding expensive upgrades or buying a whole new vehicle. The SENTON 223S BLX 4X4 reaches 35+ mph top speeds with a 2S LiPo, matching or beating the best that other manufacturers' 2S bashers can do. Whenever you're ready to go faster, just install a 3S battery. Now you can unleash the short course truck's full 50+ mph potential!

The Dynamic Stability Control (DSC) built into the short course truck's Spektrum electronics offers another special advantage. With four selectable modes, DSC will automatically correct steering input as needed to improve your control, confidence, and safety, whether you're bashing on high-grip or low-grip surfaces. As you gain experience, just turn off the DSC and use the skills you've mastered.

Everyone can get in on brushless short course bashing fun with the SENTON 223S BLX 4X4. Like all ARRMA vehicles, it's fast and tough - providing new and experienced brushless drivers with amped-up performance straight out of the box. Tough metal and composite materials are used for an easy-to-maintain, super-durable design. The heavy-duty 4X4 drivetrain holds up to extreme bashing, while the all-terrain suspension package and adjustable, oil-filled shocks soak up bumps.

**FEATURES**

- 2S and 3S ready, for brushless beginner to pro-level speeds
- Spektrum DSC (Dynamic Stability Control) and throttle limiting keeps you in control
- Super-tough 4X4 drivetrain
- All-terrain suspension package
- Centre diff module and all-metal gear differential
- Adjustable, oil-filled shocks mounted on composite shock towers
- Ventilated composite chassis
- Higher side guards for maximum protection from dirt and debris
- Impact-absorbing composite front and rear bumpers
- Strong composite nerf bars
- Stealth monochrome electronics
- Aggressive short course body style
- Hidden body retention system
- Clipless body with inbuilt dirt protection

**IN THE BOX**

- (1) SENTON 223S BLX 4X4 1/10 Scale Short Course Truck RTR
- (1) Spektrum SLT 80A 2-in-1 Waterproof ESC & Receiver 2S/3S with DSC
- (1) Spektrum 3100Kv Brushless Motor
- (1) Spektrum SLT3 2.4GHz Transmitter
- (1) Spektrum S662 Metal-Geared 25T Waterproof Digital Servo
- (4) AA Batteries
- (1) Instruction Manual
- 2.5 and 3.0mm hex wrenches

**NEEDED TO COMPLETE**

- 1 x 2S or 1 x 3S Hardcase LiPo with IC5/EC5 Connector
- Compatible Charger & Charge Bag
