

C-ARA3521T1/T2/T3 1/10 FURY 223S BLX 4X2 SCT with DSC Blue/Green/Purple

Why compromise? With the 1/10 scale ARRMA FURY 223S BLX 2WD, you can have everything you want in your brushless vehicle - ready-to-run simplicity, style with attitude, the toughness to take hits, and the power to go faster as your driving skills improve - all at a price you can afford. Ready out-of-the-box for 2S or 3S power, this short course truck delivers premium performance without a premium price.

ARRMA developed the 223S series especially for newcomers to brushless bashing who want to grow from 2S to 3S power without adding upgrades or buying a new vehicle. With the FURY 223S BLX, you can do exactly that. Start with a 2S LiPo for 35+ mph top speeds that match or beat the best that other manufacturers' 2S bashers can achieve. Then, when you're ready, install a 3S battery for pro-level 50+ mph bashing!

The closed-wheel body design screams "short course". You can go for the block pass in a race and not worry about getting tangled in your competitor's tyres. From bumper to bumper, the FURY 223S BLX is engineered for thoroughly modern short course handling. The mid-motor design lets it carve turns without pushing, while the low CG and large footprint provide impressive stability. In the heat of racing, the dynamic long wheel travel looks super cool.

FEATURES

- 2S and 3S ready, for beginner to pro speed potential
- Spektrum DSC and throttle limiting to keep you in control
- Heavy-duty transmission and all-terrain suspension
- Easy-access bottom-loading battery tray
- Install a 2S LiPo battery for 35+ mph maximum speed and use a 3S battery for 50+ mph pro-level top speeds
- Durable composite chassis
- Mesh safe motor plate
- Oil-filled, coil-over shocks
- Adjustable ride height
- Aggressive short course body style
- Hidden body retention system
- Tough dBoots Fortress SC black multi-spoke wheels and tyres
- Impact-absorbing composite bumpers
- Strong composite nerf bars
- Wheelie bar
- Reliable, high-quality hex hardware
- ARRMA 40mm cooling fan
- High-quality moulded tools

IN THE BOX

- (1) FURY 223S BLX 2WD SCT RTR
- (1) Spektrum SLT 45A 2-in-1 Waterproof ESC & Receiver 2S/3S with DSC
- (1) Spektrum 4000Kv Brushless Motor
- (1) Spektrum SLT2 2.4GHz Transmitter
- (1) Spektrum S681 MG WP Digital Servo
- (4) AA Transmitter Batteries
- (1) Instruction Manual

NEEDED TO COMPLETE

- 1 x 2S or 1 x 3S Hardcase LiPo with IC5/EC5 Connector
- Compatible Charger & Charge Bag
