

C-ARA4305V4T1/T2/T3 1/10 VORIEKS 223S BLX 4X4 RTR with DSC Red/Teal/Pink

Stretching your skills with high-speed brushless bashing is easy when you start with the 1/10 scale ARRMA VORIEKS 223S BLX 4X4 stadium truck. It has everything you're looking for — ready-to-run ease, legendary durability, and an affordable low price — plus 2S and 3S capability for amplified performance as you grow, no upgrades needed.

The VORIEKS 223S BLX 4X4 reaches 35+ mph top speeds with a 2S LiPo. That matches or beats the best that other manufacturers' 2S bashers can do. When you're ready to go faster, just install a 3S battery. Now you can unleash the stadium truck's full 50+ mph potential for aggressive off-road blasting!

The stadium truck's composite chassis features extended height dirt defenders, oil-filled shocks with silicone O-rings, metal geared differentials, and more for impressive durability. Its high-quality, factory-installed Spektrum electronics are waterproof for worry-free bashing in any conditions. High-traction dBoots tyres on tough multi-spoke wheels add to the unstoppable performance. Topping it all off is a sleek stadium truck body with tough, injection-moulded wing and protective roof skids.

Choose the ARRMA VORIEKS 223S BLX 4X4 stadium truck for an affordable, successful start in brushless bashing.

FEATURES

- 2S And 3S Ready, For Brushless Beginner To Pro-Level Speeds
- Spektrum DSC (Dynamic Stability Control) And Throttle Limiting Keep You In Control
- Super-Tough 4X4 Drivetrain With Centre Differential
- Heavy-Duty Transmission And All-Terrain Suspension
- Install A 2S LiPo Battery For 35+ Mph Maximum Speed or use A 3S Battery For 50+ Mph Pro-Level Top Speeds
- Centre Diff Module And All-Metal Gear Differential
- Driveshaft Stone Guard
- Adjustable, Oil-Filled Shocks Mounted On Composite Shock Towers
