

RETRO STYLE AND 6S POWER FOR EYE-POPPING STUNTS

NOTORIOUS 6S BLX

C-ARA8611V6T1/T2 1/8 NOTORIOUS 6S 4X4 BLX Stunt Truck Black / Blue

This next evolution of the ready-to-run, 1/8 scale NOTORIOUS 6S BLX 4X4 stunt truck has more punch and durability for even wilder stunts. With its retro 1950s body style and super-tough design, the 1/8 scale NOTORIOUS 6S BLX 4X4 has been the favourite ARRMA truck for unleashing big stunts with one-of-a-kind style. This basher does it all - from long, tall wheelies and tight, fast donuts to standing and aerial backflips and more.

The power behind the NOTORIOUS 6S BLX 4X4's jaw-dropping speed and stunt capabilities comes from a potent, 6S-capable Spektrum brushless system featuring a Firma 2050Kv brushless motor and Firma 150A Smart V2 ESC with new, more powerful firmware. A high-torque, steel gear Spektrum S665 servo adds strong, reliable steering. Thanks to these waterproof electronics, bashing is a "go" even through mud and snow.
