ULTRA-MICRO GENERAL AVIATION ICON

A-EFLU15950 UMX Cirrus SR22T BNF Basic with AS3X and SAFE Select

The E-flite UMX (Ultra Micro eXtreme) Cirrus SR22T is an officially licensed replica of the world's best-selling personal aircraft. This elegant masterpiece arrives fully factory-assembled and is ready to take to the air just about anywhere – from large yards and small parks to sports fields and beyond! It's an updated and upgraded version of the original UMX Cirrus equipped with a quieter and more powerful motor compatible with popular and affordable 2S and 3S 280–300mAh batteries. It's also equipped with expertly-tuned AS3X and optional-use SAFE Select technologies and provides real-time battery voltage plus other telemetry to compatible transmitters. Clear windows and cockpit detail, functional LED navigation lights, and a premium, fully-painted finish offer an unmatched ultra-micro Cirrus experience you simply can't get with any other model!

FEATURES

- An officially licensed replica of the best-selling single-engine civilian airplane
- More powerful 2S and 3S-compatible ESC and motor with a 3-blade prop
- The unmatched stability and locked-in feel of exclusive AS3X technology
- Easier to fly with optional-use SAFE Select flight envelope protection
- Completely factory-assembled and ready to fly right out of the box
- The most affordable, convenient, and easiest to fly Cirrus SR22T model yet
- Works with the Spektrum DXS that is included with many RTF models
- Real-time battery voltage telemetry with compatible Spektrum transmitters
- Spektrum receiver with industry-leading 2.4GHz DSMX technology
- Operational LED wingtip lighting for improved orientation and visibility
- Factory-finished with a fully-painted G7 "Platinum" trim scheme
- Scale features including an accurate outline, clear windows, and cockpit detail
- Convenient top-mounted hatch fully conceals the flight battery compartment
- 4-channel control for full aerobatic capability with a steerable nose wheel
